Thanks Valerie.

I should have been more explicit. What I need is email and phone number.

Thanks. Annette

Hi Annette, neither uses an email signature line, but here is their info from the internet:

Dr. Warren Friedman is senior advisor to the director at the U.S. Department of Housing and Urban Development's Office of Lead Hazard Control and Healthy Homes

Dr. Peter Ashley directs the Policy and Standards Division within HUD's Office of Healthy Homes and Lead Hazard Control (OHHLHC). The Division manages the award of grants and contracts for research on residential hazard assessment and control methods and it contributes to policy development for OHHLHC programs, including the recent development of the Office's "Healthy Homes Strategic Plan". He received a Doctor of Public Health from the Johns Hopkins School of Public Health, where he conducted research on urban lead exposure and a Master of Public Health from the University of Michigan. His previous professional experience includes serving as an environmental toxicologist and director of the Division of Environmental Health Assessment for the Maryland Department of the Environment and as a toxicologist for a private consulting firm. Dr. Ashley also served as a science teacher and trainer for the U.S. Peace Corps.

Valerie,

I have email address for Peter from Tim (I had intended to have the T&R Subcommittee send him an invitation.

Can you send contact information (signature line) for both?

Thanks, Annette.

**Subject:** PFAS & HUD/AHHSII & Feb mtg

Hi Annette, yesterday after our call when I was talking with Peter Ashley of HUD about Pb (for Federal Pb Strategy) he was unaware of the Federal Info Exchange mtg on PFAS. Are you planning to invite him and Warren Friedman? Peter is the EPA contact on AHHSII and the one who was open to the PFAS possibilities with ORD so seems it would be great if he could be part of your breakout discussion if possible, and also Warren Friedman who's a level up. Let me know if you need their email addresses.

Thanks,  
Valerie
